Our Mission

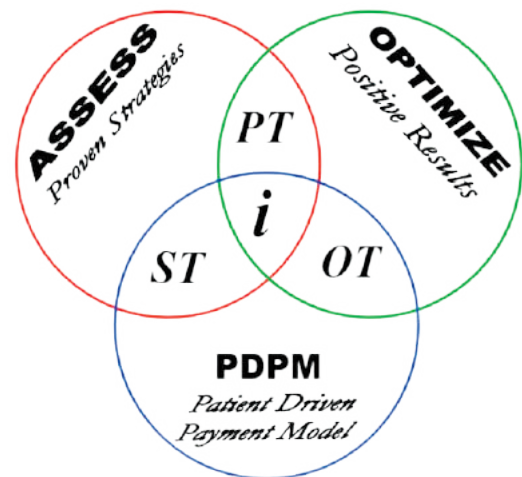

Our program seeks to establish a culture of compliance to prevent future regulatory issues, reduce billing and documentation errors, minimize exposure to audit findings, support the facility during Annual DHS, and to optimize PDPM reimbursement.

“

It's amazing that we have a "leading light" like you just an email away! So appreciative!

- MDS Coordinator

Survey Preparedness

An interface rehab mock survey is your safety net that safeguards you against your actual survey. We will ensure compliance with Title 22, CDPH and CMS regulations. Our findings will be discussed with your management team and together we'll implement an action plan that makes sense for your business needs

We bring the following to our partnership ...

»» Clinical Reimbursement

Improve Accuracy · Optimize Revenue

»» Improve Your 5-star Rating

Our team of industry leaders are dedicated to continually improving clinical outcomes and care management processes.

»» Reduce Rehospitalizations

We focus on patient self-management engaging patients in their recovery, helping us predict when someone is ready for the next level of care.

»» Additional Consulting Services

- Ensure compliance with all regulatory bodies that oversee the SNF industry, as well as your policies and procedures.
- Ensure that the rehab department is following the client's and the Company's policy and procedures, expectations, and maintain timely and skilled documentation, as well as ensure the Rehab Systems are in place and well maintained in order to meet the resident's needs.

What Should You Expect From Us?

Rehab Enhancement Consulting Services is able to support your company with a variety of consultation services. We can conduct ongoing training on Medicare PDPM reimbursement, management, and documentation.

- Marketing support to improve your case mix indexes and enhance reimbursement.
- Policy assessment review.
- Facility-specific training on PDPM reimbursement, management, and documentation.

»» Benefits

- Higher level of training for staff and management.
- Optimize therapy revenue while maintaining cost basis.
- Accountability toward complex operational factors.

»» Program Development

- RNA Competency Certification Course
This two-day course is approved for 16 hours of CEUs by CDPH (CNAs/HHAs eligible) and designed to help RNAs, CNAs, HHAs, LVNs, RNs, DSDs, and MDSs acquire new skills, or gain confidence in their existing skills.
- Leadership/Teamwork
- Anatomy/Aging/Cognition/Dementia
- Communication/Hearing
- Dysphagia/Eating/Feeding
- ROM Exercises/Splinting/Ambulation
- ADLs/Documentation
