RNA Program — CNA Refresher Course

Congratulations on your decision to become certified as a RNA! You have made a great decision. Your involvement in this course will assure that the residents in your facility receive care that enables them to function as independently as possible. You will also benefit by learning the most effective resident management techniques while protecting you from personal injury.

We know that you are dedicated to the residents in your facility. How do we know this? We know because you are coming to improve your skills. When you improve your skills, your residents benefit.

Great care begins with you!

"Great instructor that was very knowledgeable of topic!"

"Well organized and informative!"

"Course exceeded my expectations!"

"Great job! Easy to understand."

OVERVIEW

Course Purpose

The purpose of this course is to improve the knowledge base and clinical competencies of the nursing assistants and licensed/registered nursing staff. To fine - tune and enhance the skills of any current CNAs/HHAs. To help your RNA coordinator have a better handle of how to provide support to your CNAs and train the trainer. Increased performance improves resident care.

Program Content

The content of this 2-day course focuses on strengthening the role of the Restorative Nursing Assistant and the Restorative Nursing Program Coordinator in demonstrating clinical competencies with facility residents and understanding the keys to implementing a successful Restorative Nursing Program.

Program Format

The format of this course is interactive. Your participation is expected throughout the lectures and demonstrations.

Graduation

Graduation from this course requires demonstration of select clinical competencies as well as successful completion of a written posttest. Certification of course completion will be awarded when these standards are met.

RNA PROGRAM LIVE ONLINE/VIRTUAL CLASSROOM CERTIFICATION COURSE — COURSE DESCRIPTION

This live virtual classroom two-day training course is designed to help RNAs, CNAs, HHAs, LVNs, RNs, DSDs, and MDSs acquire new skills, or gain confidence in their existing skills. Students will learn to care for residents who have completed a therapy program or who will benefit from participation in a restorative program.

- ☐ Leadership and Teamwork
- ☐ Anatomy and Aging
- ☐ Cognition/Dementia
- ☐ Communication and Hearing
- ☐ Dysphagia/Eating & Feeding
- ☐ Range of Motion Exercises/ Splinting
- ☐ Ambulation
- ☐ ADLs

Course Instructions

Once registered, you will receive an e-mail confirmation with further instructions.

You will need to join each day with the GoToWebinar link provided to you via e-mail to verify your sign-in.

In Action | Courses are forming today! Don't wait!

Following the class, you will be asked to complete the applicable posttests and fill out a course evaluation.

You will get a RNA Certificate from us via e-mail that you show to your employer for proof of completion.

(Any form of payment must clear the bank in order to receive your certificate.)

What others have to say:

- **"The presentation is really good, not boring, knowledgeable, and well explained."**
- **"Really enjoyed the hands-on training. Helped me visualize and put my brain to work; to think critical in a patient's, resident's shoes."**
- **"Nice attitude, very easy to understand material!"**
- **"Provided a good demonstration in resident transfer safely for resident and caregiver."**
- **"Very legit on legal documentation."**

Cancellations received at least 7 days prior to the course will get a refund less $15.00 administrative fee per registrant with a credit voucher toward a future course good for 12 months. In the unlikely event that interface rehab cancels a course, a full refund will be issued.
